The non-timbered lands in California which the Government desires to exchange with the Santa Fe railroad for the odd-numbered sections in the San Francisco Mountains forest reserve are largely desert, but they embrace lands that are valuable for their oil deposits, and the exchange would be to the advantage of the railroad company. Three hobos were arrested Thursday night by Deputy Sheriff Walker. They offered to sell fifty pairs of new shoes to one of our merchants for \$75, but the offer was declined and the matter reported to the officers. Three cases of shoes and a box of type were found by the officers in the canyon west of the mill. The shoe boxes were marked to the Walkover Shoe Company and the box of type to C. W. Nicklin, Los Angeles. It is supposed that the hobos threw the boxes from a freight train as it passed slowly up the grade west of town. The editor of this paper is under obligations to Mr. Rhamey for a handsome carved coffee wood cane, of Mexican workmanship.

Those royal entertainers and kings of good fellows, the Elks, gave a very entertaining and successful progressive euchre party at their lodge hall last evening. This was the second Ladies' Night of the season, and from the number of ladies present it is certain they know when to expect a pleasant evening, and will be sure to attend all future round-ups of the local herd of Elks.
